Turbocharging Azure DevOps with Octopus Deploy

We'll be starting shortly...

Octopus Deploy

Agenda

- What is Azure DevOps?
- What is Octopus Deploy?
- Demo
- Questions

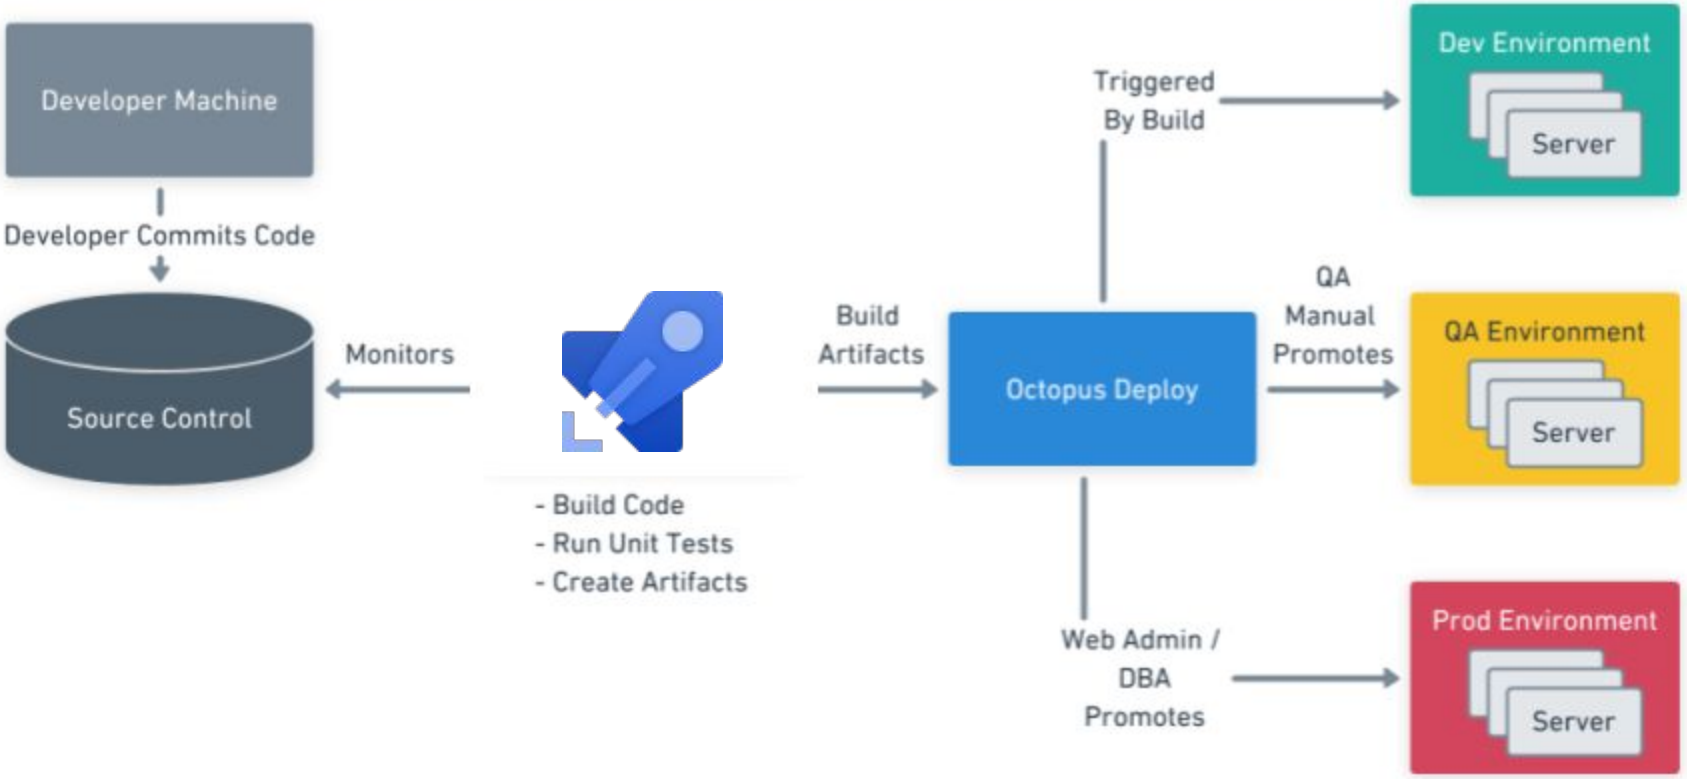
Azure DevOps

- All in one DevOp solution
- Build, Test & Deploy
- Repo, Issue tracker & Artifact sources
- Cloud & On-Premise
- Extension Marketplace (1000+)
- Roughly 50% of packages Octopus receives.

Octopus Deploy

- Automated Deployment tool
- Promote Releases between environments
- Repeatable, Reliable and Consistent Deployments
- API First
- Cloud & On-Premise
- Almost 1/10 deployments in Azure are via Octopus.

CI / CD Pipeline With Octopus



Demo

Why Octopus?

- Dashboards
- Re-Usable
- Complex deployments made easy
- First Class Multi-tenancy
- World class support
